

Green Brook PTO

This year, our Green Initiative goes to another level. Green Brook PTO is proud to announce a new program we are sponsoring that will save you money, raise money for our school and help the environment – it's truly a WIN, WIN, WIN program.

Green Brook has partnered with Viridian Energy for this exciting new program. Viridian Energy is a socially responsible green energy company that provides green electricity at a lower kilowatt-per-hour rate to any house or business in NJ, CT, PA, MD.

SAVE MONEY – Families who switched to Viridian paid 10 – 25% LESS than if they stayed with their current utility. By switching to Viridian, your bill, service and delivery remain EXACTLY the same. This will NOT impact the reliability of service. You will continue to receive ONE monthly bill from PSE&G or JCP&L.

RAISE MONEY – *For every household that switches to Viridian, GB PTO will get a monthly payment of \$2 from Viridian. This is truly found money and I can't think of a better fundraiser than one in which money is raised and no one has to reach into their pocket!*

HELP THE ENVIRONMENT – *The third win is the really exciting part. By switching to Viridian, you are choosing a greener energy source. Your current utility only provides 6-8% renewable green energy; with Viridian it's 20%. On average, switching to Viridian for just one year is equivalent of planting 55 trees or not driving 1025 miles!*

HOW TO SWITCH – *It takes less than five minutes to switch. No cost to switch, No Contracts, No Termination Fee, No Obligation*
